Cautionary Note Regarding Forward-Looking Statements

Except for historical information, this report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward-looking statements involve risks and uncertainties, including, among other things, statements regarding our business strategy, future revenues and anticipated costs and expenses. Such forward-looking statements include, among others, those statements including the words “expects,” “anticipates,” “intends,” “believes” and similar language. Our actual results may differ significantly from those projected in the forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in the sections “Business,” “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” You should carefully review the risks described in this Annual Report on Form 10-K and in other documents we file from time to time with the Securities and Exchange Commission. You are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date of this report. We undertake no obligation to publicly release any revisions to the forward-looking statements or reflect events or circumstances after the date of this document.

Although we believe that the expectations reflected in these forward-looking statements are based on reasonable assumptions, there are a number of risks and uncertainties that could cause actual results to differ materially from such forward-looking statements.

All references in this Form 10-K to the “Company,” “Global System”, “Global System Designs”, “we,” “us” or “our” are to Global System Designs, Inc.

Item 1. Business.

Business Development

Global System Designs, Inc. was incorporated in the State of Nevada on November 27, 2012. The Company incorporated a wholly owned subsidiary in the Province of Ontario, Canada on October 18, 2013, called Global System Designs Inc. Our fiscal year end is November 30. The Company’s administrative address is, 24123 Peachland Blvd., C-4, #106, Port Charlotte, FL 33954. The telephone number is 941-613-9858.

Global System Designs, Inc., has recently commenced revenues, and has limited cash on hand. The Company has revenues of \$6,966 and had a net loss of \$19,194 for the period since inception (November 27, 2012) to November 30, 2013, and had \$22,971 of cash on hand at November 30, 2013. In addition to commencement of revenues, we have relied upon the sale of our securities to our corporate officers and directors and to unrelated shareholders.

Global System Designs has never declared bankruptcy, been in receivership, or involved in any kind of legal proceeding.

Principal Products, Services and Their Markets

Global System Designs, Inc. has developed “green building” information for homeowners and owner-builders (individuals who choose to build their own homes, with or without the assistance of building contractors). Such homeowners need clear, understandable, technically sound information about how their new or renovated home can best be insulated and operated to provide energy savings, protect their health and the environment, and reduce construction and operating costs.

Global System Designs, Inc. provides an education and consulting service aimed at consumers who are facing a home construction or renovation project. The company produces clear, technically sound information products focusing on selecting building materials and products, evaluating and hiring a contractor, and carrying out energy efficiency upgrades, repairs, and other construction and renovation projects. The company will also offer consulting services in the areas of building plan evaluation, contract preparation, and research.

The Company's target demographic will include homeowners, prospective homeowners and owner-builders seeking information and advice on green construction and energy savings.

Global System Designs recently formed a Canadian subsidiary, Global System Designs Inc. The subsidiary was formed in response to Canadian demand for consultative green-building services. Canadian demand was detected in response to initial dissemination of green-building fact sheets. A distinct market was detected in Canada, and Global System Designs' management decided to move into the market through the opening of its subsidiary. The Company anticipates growing this business over the next year. We are still in the process of completing our enterprise level website, and expect to launch this service over the next 6 months, with the USA portion of the project to follow suit as well in the next 6-12 months.

A fact sheet will interpret information from the latest building science research and best green construction and renovation practices in an understandable form for homeowners. A fact sheet normally includes suggested web links or contacts for further information on the topic..

Global System Designs monetizes its business in the following two ways:

- a) Each fact sheet will be valued at \$15.00 per download. .
- b) The marketing of each fact sheet will include a follow-up offer for further consultation. Consultation fees will be set by the hour or by the project, depending upon the scope of services required. .

Distribution Methods

Homeowners will be able to download factsheets from the Company's website. Fact sheets will be updated and re-posted periodically to reflect technological advances and other new information. Fee-based consultation services would be provided in response to e-mail contacts and phone calls. Questionnaires and checklist forms would be posted on the website to guide users in consultations with Global System Designs experts.

Status of Publicly Announced New Products or Services

Global System currently has limited products or services. Initial web products are finishing development, and are constituted by a preliminary set of fact sheets addressing those topics most likely to be in demand by homeowners and owner-builders., These initial topics are likely to include energy saving measures, durability and indoor air quality considerations for purchase and installation of materials and products including adhesives, cabinets and vanities, counters, deck material, flooring, framing material (lumber and other material), insulation, interior walls and ceilings, lighting, paints, roofing, sealants, and caulking, siding, windows and doors.

Competitive Business Conditions and Strategy: Global System Designs' Position in the Industry

Global System Designs is in the process of establishing itself as a competitive company in the green housing field. Competitors include construction industry groups, consulting firms, "green" websites and consumer advocacy groups, all of which may distribute information about green construction and renovation.

We believe potential competitors for this enterprise are highly knowledgeable, respected authorities on green construction and renovation practices who serve relevant information needs for homeowners. Currently there are the following types of organizations serving some of these information needs:

1. Government agencies providing green building information through websites and various publications.
2. Green building manuals and similar guidance documents. These are how-to-do-it guidance materials for contractors wishing to incorporate green building technology in their construction and renovation projects.
3. Research institutions and technical publications on green building science. These organizations and publications provide the science and technology supporting green building techniques, materials and products.
4. Green construction material and product listing services. These are lists of products and materials rated against various green criteria.

We believe none of the above-described organizations or products provides the kind of comprehensive, analytical, unbiased, technically sound information service in a form useful for homeowners as does our service.

Talent Sources and Names of Principal Suppliers

Global System Designs is seeking out and entering into consulting agreements to develop our website, research, write and format the fact sheets, and advise clients about green construction issues. We are primarily utilizing management knowledge and hours to execute various company tasks at present.

Global System Designs will attract green construction expert personnel through its industry connections, as well as through attending environmental and green building conferences and advertising in leading industry (environmental and building science) publications. These individuals would be independent contractors and not employees of the Company.

Patents, Trademarks, Licenses, Agreements or Contracts

There are no aspects of our business plan that require a patent, trademark, or product license. We have not entered into any vendor agreements or contracts that give or could give rise to any obligations or concessions.

Governmental Controls, Approval and Licensing Requirements

We are not currently subject to direct federal, state or local regulation other than the requirement to have a business license for the areas in which we conduct business.

Research and Development Activities and Costs

We have spent no time on specialized research and development activities to date. We have allocated funds for subscriptions and membership fees for professional journals, membership-based construction industry websites and trade publications; preliminary consultation with building research organizations and other experts as well as development and completion of our website.

Number of Employees

Global System Designs has no employees. The officers and director are donating their time to the development of the company, and intend to do continue to provide services at no completion until we have sufficient revenues. We have no other employees, and do not foresee hiring any additional employees in the near future. We will be engaging independent contractors to develop our website, research, write and format the fact sheets, and advise clients about green construction issues.

Reports to Security Holders

The public may read and copy any materials filed with the SEC at the SEC's Public Reference Room at 100 F Street NE, Washington, DC 20549. The public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site that contains reports and other electronic information regarding Global System Designs', Inc. and filed with the SEC at <http://www.sec.gov>.

Item 1A. Risk Factors

As a "smaller reporting company," we are not required to provide the information required by this Item.

Item 1B. Unresolved Staff Comments.

None.

Item 2. Properties.

Global System Designs' principal business and corporate address is 24123 Peachland Blvd., C-4, #106, Port Charlotte, FL 33954; the telephone number is 941-613-9858. We have no intention of finding, in the near future, another office space to rent during the development stage of the company.

We do not currently have any investments or interests in any real estate, nor do we have investments or an interest in any real estate mortgages or securities of persons engaged in real estate activities.

Item 3. Legal Proceedings.

We are not involved in any pending legal proceeding nor are we aware of any pending or threatened litigation against us.

Item 4. Mine Safety Disclosures.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Market Information

Our common stock is quoted on the OTC Bulletin Board, under the symbol "GLSI". Our stock was approved for quotation on the OTCBB on February 12, 2014. However, as of the date of filing this Annual Report, our stock had not traded.

As of February 15, 2014, there were 30 stockholders of record and an aggregate of 5,825,000 shares of our common stock were issued and outstanding. Of the 5,825,000 shares of common stock outstanding, 3,325,000 were held by our two (2) officers and directors and may only be resold in compliance with Rule 144 of the Securities Act of 1934, and since we were previously considered a shell company, any restricted stock will not be eligible for resale under Rule 144 until the conditions of Rule 144(i) are met.

Dividend Policy

The Company does not anticipate paying dividends on the Common Stock at any time in the foreseeable future. The Company's Board of Directors currently plans to retain earnings for the development and expansion of the Company's business. Any future determination as to the payment of dividends will be at the discretion of the Board of Directors of the Company and will depend on a number of factors including future earnings, capital requirements, financial conditions and such other factors as the Board of Directors may deem relevant.

Equity Compensation Plan Information

We do not have in effect any compensation plans under which our equity securities are authorized for issuance and we do not have any outstanding stock options.

Recent Sales of Unregistered Securities; Use of Proceeds from Registered Securities

We did not sell any equity securities which were not registered under the Securities Act during the year ended November 30, 2013, that were not otherwise disclosed on our quarterly reports on Form 10-Q or our current reports on Form 8-K filed during the year ended November 30, 2013.

We sold 1,775,000 shares at \$0.02 per share for total proceeds of \$35,500, under our S-1 offering. The offering was effective on July 12, 2013, and closed on September 10, 2013.

Our use of proceeds, of \$35,500, from our prospectus will be allocated solely to working capital needs.

Purchase of Equity Securities by the Issuer and Affiliated Purchasers

We did not purchase any of our shares of common stock or other securities during our fourth quarter of our fiscal year ended November 30, 2013.

Item 6. Selected Financial Data.

As a “smaller reporting company,” we are not required to provide the information required by this Item.

Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion should be read in conjunction with our audited financial statements and the related notes that appear elsewhere in this annual report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to those discussed below and elsewhere in this annual report.

Our audited financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

Results of Operations

Our operations commenced in November 2013, as such comparative numbers prior to this are not reflective of our results for the year ended November 30, 2013, due to the recent start of these operations. Additionally, the period ended November 30, 2012 is comprised of four (4) days as compared to an entire year for November 30, 2013.

We have generated \$6,966 in revenues since inception (November 27, 2012) and have incurred \$26,160 in expenses through November 30, 2013.

The following table provides selected financial data about our company as at November 30, 2013 and 2012.

Balance sheet Data:

| Balance Sheet Date | November 30, 2013 | November 30, 2012 |
|---------------------------|------------------------------|------------------------------|
| Cash | \$ 22,971 | \$ - |
| Total Assets | \$ 42,728 | \$ - |
| Total Liabilities | \$ 6,324 | \$ - |
| Stockholders’ Equity | \$ 36,404 | \$ - |

As at November 30, 2013, our current assets were \$42,728 and our current liabilities were \$6,324, which resulted in working capital of \$36,404. As at November 30, 2013, current assets were comprised of \$22,971 in cash, \$7,757 in accounts receivable, and \$12,000 in prepaid expenses as compared to no current assets at November 30, 2012. At November 30, 2013, current liabilities were comprised of \$6,324 in accounts payable and accrued liabilities. Stockholders' equity was \$36,404 as of November 30, 2013, as compared to \$0 for November 30, 2012.

The following summary of our results of operations, for the year ended November 30, 2013, period from inception (November 27, 2012) to November 30, 2012 and for the period from inception (November 30, 2012) to November 30, 2013, should be read in conjunction with our consolidated financial statements, as included in this Form 10-K.

| | Year Ended November 30, 2013 | Period from Inception (November 27, 2012) to November 30, 2012 | Period from Inception (November 27, 2012) to November 30, 2013 |
|----------------------------|------------------------------------|---|--|
| Revenue | \$ 6,966 | \$ - | \$ 6,966 |
| Operating Expenses: | | | |

| Total Operating Expenses | 25,210 | 950 | 26,160 |
| Operating and net loss | \$ (18,244) | \$ (950) | \$ (19,194) |

Revenue

Revenue commenced during November 2013 from our consulting operations through our wholly-owned Canadian subsidiary Global System Designs Inc. We earned revenues of \$6,966 for the year ended November 30, 2013, compared to no revenues for the period ended November 30, 2012.

Expenses

Operating expenses for the year ended November 30, 2013, increased by \$24,360 from \$950 for the period ended November 30, 2012. The increase in expenses can be attributed to increased professional fees, general and administrative expenses as we had a full year of operations for 2013 as compared to four days for the period from inception to November 30 2012. Our professional fees of \$22,275 were primarily due to legal and accounting fees related to our recent S-1 registration statement.

| Net Cash Provided by Financing Activities | \$ 54,750 | \$ 950 |
| Net Increase in Cash During the Period | \$ 22,971 | \$ - |

Cash Flow from Operating Activities

During the year ended November 30, 2013, our company used \$31,779 in cash from operating activities compared to the use of \$950 of cash for operating activities during the period ended November 30, 2012. The increase in cash used for operating activities was primarily attributed to professional fees related to our recent S-1 offering.

Cash Flow from Investing Activities

From inception through to November 30, 2013, we did not have any cash flows from investing activities.

Cash Flow from Financing Activities

During the year ended November 30, 2013, our company received \$54,750 in cash in financing activities primarily from proceeds from the issuance of common shares to unaffiliated investors, compared to cash provided by financing activities of \$950 for the period ended November 30, 2012, for cash received from an officer for purchase of common shares.

Plan of Operation

Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital and/or generate sufficient revenues to pay for our expenses. Our only source for cash at this time is modest revenues and investments by others. We must raise cash and/or increase our revenues to stay in business. At this time, however, the Company does not have plans or intentions to raise additional funds by way of the sale of additional securities.

Global System Designs is a development stage company that has limited operations, limited revenue, no financial backing and limited assets. Our plan is to develop and market educational and advisory services to help homeowners save energy, protect their indoor air quality, and avoid unnecessary impacts on the larger environment. The Company will offer consulting services in the areas of building plan evaluation, contract preparation, and research. Website users will be charged for downloading fact sheets, and consulting fees will be charged for building plan evaluations and other technical advice to clients.

During the next year of operations, the 12 month period from the date of this report, Global System Designs will continue to expand its Canadian operations, concentrate on finishing the development of our website, prospect for USA clients, and market our services.

We will also broaden our set of illustrated fact sheets (one to five pages in length) addressing those topics that, based on our experience, are most likely to be in demand by homeowners and owner-builders. These initial fact sheets will serve as a marketing tool to attract users to the website and the consulting services. Initial response to the fact sheets and inquiries received at the website will help us identify new topics and areas for developing future information products. The website's content will utilize SEO (Search Engine Optimization) to distribute our message on helping homeowners understand green construction concepts. A budget will also be set aside for a targeted Google adwords and banner advertising campaign. Introductory offers will also be incorporated into our website, banner advertising, and direct mail marketing to improve response.

We anticipate another 6 months to complete our website development. In eight to twelve months' time, we will begin our advertising and marketing to source prospective clients through our SEO, adwords, and banner advertising. We will also explore taking out advertisements in key trade magazines or other industry related websites. We will focus our marketing on homeowners, owner-builders, and building supply retailers. Also, in months eight through twelve, we will identify specific needs for contracting the plan evaluation consulting services that Global System Designs will offer to homeowners.

In the event that we do not have sufficient funds, we will endeavor to proceed with our plan of operations by locating alternative sources of financing. Although there are no written agreements in place, one form of alternative financing that may be available to us is self-financing through contributions from the officers and directors. While the officers and directors have generally indicated a willingness to provide services and financial contributions if necessary, there are presently no agreements, arrangements, commitments, or specific understandings, either verbally or in writing, between the officers and directors and Global System Designs.

During the next year of operations, our officers and directors will also provide their labor at no charge. We do not anticipate hiring any staff in the next 12 months of operation, and will rely on the services of an outside contractor for the development of our website.

We are a public entity, subject to the reporting requirements of the Securities Exchange Act of 1934. We will incur ongoing expenses associated with professional fees for accounting, legal and a host of other expenses for annual reports and proxy statements. We estimate that these accounting, legal and other professional costs would be a minimum of \$20,000 in the next year and will be higher, in the following years, if our business volume and activity increases. Increased business activity could greatly increase our professional fees for reporting requirements and this could have a significant impact on future operating costs. The difference between having the ability to sustain our cash flow requirements over the next twelve months and the need for additional outside funding will depend on how fast we can generate sales revenue.

At present, we only have enough cash on hand to cover our expected legal and accounting costs for the next 12 months. If we do not have sufficient funds to proceed with the implementation of our business plan, we may have to find alternative sources of funds, like a second public offering, a private placement of securities, or loans from our officers or third parties (such as banks or other institutional lenders). Equity financing could result in additional dilution to then existing shareholders. If we are unable to meet our needs for cash from cash on hand, or possible alternative sources, then we may be unable to continue to maintain, develop or expand our operations.

Limited Operating History; Need for Additional Capital

There is no historical financial information about us on which to base an evaluation of our performance. We are a development stage company and have generated limited revenues from operations. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources, possible delays in developing our website, and possible cost overruns due to the price and cost increases in supplies and services.

At present, we only have enough cash on hand to cover minimal operating costs for the next 12 months.

If we are unable to meet our needs for cash from either our operations, or possible alternative sources, then we may be unable to continue, develop, or expand our operations.

Liquidity and Capital Resources

To meet our need for cash we raised money from our recent Offering. On April 8, 2013, the Company filed a Prospectus as part of its Registration Statement on Form S-1 which the Company sought to raise \$80,000 under the Offering. On September 10, 2013, the Company closed its Offering and will not sell any additional shares under this Prospectus. The Company sold 1,775,000 shares under the Prospectus, raising a total of \$35,500.

We received our initial funding of \$5,700 through the sale of common stock to our officers and directors. Paul McDonald purchased 950,000 shares of our common stock at \$0.001 on November 29, 2012 for \$950 and 1,000,000 shares on January 8, 2013 for \$2,000. David Rose purchased 1,375,000 shares of our common stock at \$0.002 on January 8, 2013 for \$2,750. During March, 2013, eight (8) unaffiliated investors purchased 725,000 shares of common stock at \$0.02, for \$14,500 in a private offering.

Currently we do not have sufficient capital to fund our business development for the next 12 months. We feel we have enough funds to cover our professional fees for the next 12 months.

Our financial statements from November 27, 2012 (date of inception) through the period ended November 30, 2013, reported \$6,966 in revenues and a net loss of \$19,194.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

To the Board of Directors and Shareholders of:
Global System Designs, Inc.
Port Charlotte, FL

We have audited the accompanying balance sheet of Global System Designs, Inc., a development stage company, as of November 30, 2012, and the related statements of operations, stockholders' equity and cash flows for the year then ended and for the period November 27, 2012 (date of inception) through November 30, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global System Designs, Inc. as of November 30, 2012, and the results of its operations and its cash flows for the period November 27, 2012 (date of inception) through November 30, 2012 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has a loss from operations, no working capital, negative cash flows from operations and an accumulated deficit. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of:
Global System Designs, Inc.
Port Charlotte, FL

We have audited the accompanying balance sheet of Global System Designs, Inc., a development stage company, as of November 30, 2013, and the related statements of operations, stockholders' equity and cash flows for the year then ended and for the period November 27, 2012 (date of inception) through November 30, 2013. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global System Designs, Inc. as of November 30, 2013, and the results of its operations and its cash flows for the year then ended and for the period November 27, 2012 (date of inception) through November 30, 2013 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has recurring losses from operations, resulting in an accumulated deficit and has negative cash flows from operations. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

GLOBAL SYSTEM DESIGNS, INC.
(A Development Stage Company)
Notes to the Financial Statements
November 30, 2013 and 2012

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

Global System Designs, Inc. (the "Company") is a Nevada corporation incorporated on November 27, 2012. It is based in Port Charlotte, FL, USA. The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America, and the Company's fiscal year end is November 30.

The Company is a development stage company that intends to operate as an educational and consulting services business focused on green home construction and renovation projects. The Company will produce clear technically sound information products focused on: selecting building materials and products, evaluating and hiring contractors, and carrying out energy efficiency upgrades, repairs, and other construction and renovation projects. The Company will offer consulting services in the areas of building plan evaluation, contract preparation, and research. To date, the Company's activities have been generally limited to its formation and the raising of equity capital.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Development Stage Company

The Company is a development stage company as defined by section ASC 915, "*Development Stage Entities.*" The Company is still devoting substantially all of its efforts on establishing the business and its planned principal operations have recently commenced, however revenues produced are not significant. All losses accumulated since inception have been considered as part of the Company's development stage activities.

Basis of Consolidation

These financial statements include the accounts of the Company and the wholly-owned Canadian subsidiary, Global System Designs Inc. All material intercompany balances and transactions have been eliminated.

Basis of Presentation

The Consolidated Financial Statements and related disclosures have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). The Financial Statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles ("GAAP") of the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. The estimates and judgments will also affect the reported amounts for certain revenues and expenses during the reporting period. Actual results could differ from these good faith estimates and judgments.

Cash and Cash Equivalents

Cash and cash equivalents include cash in banks, money market funds, and certificates of term deposits with maturities of less than three months from inception, which are readily convertible to known amounts of cash and which, in the opinion of management, are subject to an insignificant risk of loss in value. The Company had \$22,971 and \$0 in cash and cash equivalents as of November 30, 2013 and 2012, respectively.

Net Loss per Share of Common Stock

The Company has adopted ASC Topic 260, “*Earnings per Share*,” (“EPS”) which requires presentation of basic EPS on the face of the income statement for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation. In the accompanying financial statements, basic earnings (loss) per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period.

The following table sets forth the computation of basic earnings per share, for the year ended November 30, 2013 and period ended November 30, 2012:

| | Year Ended November 30, 2013 | November 27, 2012 (inception) through November 30, 2012 |
|---|---|--|
| Net loss | \$ (18,244) | \$ (950) |
| Weighted average common shares issued and outstanding (Basic) | 4,131,726 | 475,000 |
| Net loss per share, Basic | \$ (0.00) | \$ (0.00) |

The Company has no potentially dilutive securities, such as options or warrants, currently issued and outstanding.

Concentrations of Credit Risk

The Company’s financial instruments that are exposed to concentrations of credit risk primarily consist of its cash and cash equivalents and related party payables it will likely incur in the near future. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. At times, its cash and cash equivalents with a particular financial institution may exceed any applicable government insurance limits. The Company’s management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

Financial Instruments

The Company follows ASC 820, “*Fair Value Measurements and Disclosures*”, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity’s own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

Share-based Expenses

ASC 718 "*Compensation – Stock Compensation*" prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, "*Equity – Based Payments to Non-Employees*." Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

No share-based expenses were recorded since November 27, 2012 (inception) to November 30, 2013.

Advertising Costs

The Company follows ASC 720, *Advertising Costs*, and expenses costs as incurred. Advertising expense totaled \$2,350 and \$0 for the year ending November 30, 2013 and period ending November 30, 2012, respectively.

Foreign Currency Translations

The Company's functional and reporting currency is the U.S. dollar. Our subsidiary's functional currency is the Canadian dollar. All transactions initiated in Canadian dollars are translated into U.S. dollars in accordance with ASC 830-30, "*Translation of Financial Statements*," as follows:

- (i) Monetary assets and liabilities at the rate of exchange in effect at the balance sheet date.
- (ii) Equity at historical rates.
- (iii) Revenue and expense items at the average rate of exchange prevailing during the period.

Adjustments arising from such translations are deferred until realization and are included as a separate component of stockholders' equity as a component of comprehensive income or loss. Therefore, translation adjustments are not included in determining net income (loss) but reported as other comprehensive income.

For foreign currency transactions, the Company translates these amounts to the Company's functional currency at the exchange rate effective on the invoice date. If the exchange rate changes between the time of purchase and the time actual payment is made, a foreign exchange transaction gain or loss results which is included in determining net income for the period. No significant realized exchange gains or losses were recorded since November 27, 2012 (inception) to November 30, 2013.

Related Parties

The Company follows ASC 850, "*Related Party Disclosures*," for the identification of related parties and disclosure of related party transactions. See Note 6.

Commitments and Contingencies

The Company follows ASC 450-20, "*Loss Contingencies*," to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. There were no commitments or contingencies as of November 30, 2013 and 2012.

Recent Accounting Pronouncements

Management has considered all recent accounting pronouncements issued since the last audit of our financial statements. The Company's management believes that these recent pronouncements will not have a material effect on the Company's financial statements.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. As of November 30, 2013, the Company has a net loss from operations of \$18,244, an accumulated deficit of \$19,194 and has earned no revenues since inception. The Company intends to fund operations through equity financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the year ending November 30, 2014.

The ability of the Company to emerge from the development stage is dependent upon, among other things, obtaining additional financing to continue operations, and development of its business plan. In response to these problems, management intends to raise additional funds through public or private placement offerings.

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 4 - EQUITY

Preferred Stock

The Company has authorized 15,000,000 preferred shares with a par value of \$0.0001 per share. The Board of Directors are authorized to divide the authorized shares of Preferred Stock into one or more series, each of which shall be so designated as to distinguish the shares thereof from the shares of all other series and classes.

There were no preferred shares issued and outstanding as of November 30, 2013 and 2012.

Common Shares

The Company has authorized 100,000,000 common shares with a par value of \$0.0001 per share. Each common share entitles the holder to one vote, in person or proxy, on any matter on which action of the stockholders of the corporation is sought.

Since inception (November 27, 2012) to November 30, 2013, the company has issued a total of 5,825,000 common shares for \$55,700 cash, as follows:

- On November 27, 2012, the company issued to its founder 950,000 shares of common stock at \$0.001 per share for \$950.
- On January 8, 2013, the company issued to its founders 2,375,000 shares of common stock at \$0.002 per share for \$4,750.
- During March 2013, the Company issued, to unaffiliated investors, 725,000 shares of common stock at \$0.02 per share for \$14,500.
- On August 13, 2013, the issued to unaffiliated investors, 1,775,000 shares of common stock at \$0.02 per share for \$35,500.

The Company has no stock option plan, warrants or other dilutive securities.

NOTE 5 - PROVISION FOR INCOME TAXES

The Company provides for income taxes under ASC 740, "Income Taxes." Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recorded based on the differences between the financial statement and tax basis of assets and liabilities and the tax rates in effect when these differences are expected to reverse. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

The provision for income taxes differs from the amounts which would be provided by applying the statutory federal income tax rate of 34% to the net loss before provision for income taxes for the following reasons:

| | <u>November 30, 2013</u> | <u>November 30, 2012</u> |
|--------------------------------------|--------------------------|--------------------------|
| Income tax expense at statutory rate | \$ (6,237) | \$ (323) |
| Valuation allowance | <u>6,237</u> | <u>323</u> |
| Income tax expense per books | <u>\$ -</u> | <u>\$ -</u> |

Net deferred tax assets consist of the following components as of:

| | <u>November 30, 2013</u> | <u>November 30, 2012</u> |
|------------------------|--------------------------|--------------------------|
| NOL Carryover | \$ 18,346 | \$ 950 |
| Valuation allowance | <u>(18,346)</u> | <u>(950)</u> |
| Net deferred tax asset | <u>\$ -</u> | <u>\$ -</u> |

Due to the change in ownership provisions of the Income Tax laws of United States of America, net operating loss carry forwards of approximately \$18,345 for federal income tax reporting purposes are subject to annual limitations. When a change in ownership occurs, net operating loss carry forwards may be limited as to use in future years. Net operating loss carry forwards begin to expire in 2032.

NOTE 6 - RELATED PARTY TRANSACTIONS

Equity

On November 27, 2012 the Company issued 950,000 shares of its common stock to an officer at \$0.001 per share for cash totalling \$950.

On January 8, 2013 the Company issued 2,375,000 shares of its common stock to its two officers, who are also our directors, at \$0.002 per share for cash totalling \$4,750.

Other

The controlling shareholder has pledged his support to fund continuing operations during the development stage; however there is no written commitment to this effect. The Company is dependent upon the continued support.

The officers and directors of the Company may be involved in other business activities and may, in the future, become involved in other business opportunities that become available. He may face a conflict in selecting between the Company and other business interests. The Company has not formulated a policy for the resolution of such conflicts.

The Company does not own or lease property or lease office space. The office space used by the Company was arranged by the founder of the Company to use at no charge.

The Company does not have employment contracts with its sole key employee, the controlling shareholder, who is the sole officer and director of the Company.

NOTE 7 – COMMITMENTS AND CONTINGENCIES

The Company has no commitments or contingencies as of November 30, 2013 and 2012.

From time to time the Company may become a party to litigation matters involving claims against the Company. Management believes that it is adequately insured for its operations and there are no current matters that would have a material effect on the Company's financial position or results of operations.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date these financial statements were available to be issued. Based on our evaluation no other events have occurred that require disclosure.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

On July 15, 2013, (the “Dismissal Date”), we dismissed Drake Klein Messineo, CPAs, PA (“DKM”) as our independent registered public accounting firm. Our Company’s Board of Directors approved of the dismissal on July 15, 2013. The reports of DKM on the Company’s financial statements for the year ended November 30, 2012 and for the period November 27, 2012 (inception) through November 30, 2012 did not contain an adverse opinion or disclaimer of opinion, and such reports were not qualified or modified as to uncertainty, audit scope, or accounting principle, except to indicate that there was substantial doubt as to our Company’s ability to continue as a going concern.

On July 15, 2013 (the “Engagement Date”), our Company engaged Messineo & Co, CPAs LLC (“M&Co”), as our new independent registered public accounting firm. The engagement of M&Co was approved by our Company’s Board of Directors on July 15, 2013. During the year ended November 30, 2012, and through the Engagement Date, we did not consult with M&Co regarding (i) the application of accounting principles to a specified transaction, (ii) the type of audit opinion that might be rendered on the Company’s financial statements by M&Co, in either case where written or oral advice provided by M&Co would be an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issues or (iii) any other matter that was the subject of a disagreement between us and our former auditor or was a reportable event (as described in Items 304(a)(1)(iv) or Item 304(a)(1)(v) of Regulation S-K, respectively).

Item 9A. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our senior management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as of the end of the period covered by this Annual Report on Form 10-K (the “Evaluation Date”). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded as of the Evaluation Date that our disclosure controls and procedures were not effective such that the information relating to us required to be disclosed in our Securities and Exchange Commission (“SEC”) reports (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Management’s Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance of achieving their control objectives. With the participation of our Chief Executive and Financial Officer, our management conducted an evaluation of the effectiveness of our internal control over financial reporting as of November 30, 2013 based on the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”) in Internal Control – Integrated Framework. Based upon such evaluation, our management concluded that we did not maintain effective internal control over financial reporting as of November 30, 2013 based on the COSO framework criteria, as more fully described below. This was due to deficiencies that existed in the design or operation of our internal controls over financial reporting that adversely affected our internal controls and that may be considered to be material weaknesses.

The matters involving internal controls and procedures that our management considered to be material weaknesses under the standards of the Public Company Accounting Oversight Board were: (1) lack of a functioning audit committee, (2) lack of a majority of outside directors on our board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (3) inadequate segregation of duties consistent with control objectives; and (4) management dominated by a single individual without adequate compensating controls. The aforementioned material weaknesses were identified by our Chief Executive and Financial Officer in connection with the review of our financial statements as of November 30, 2013.

Management believes that the material weaknesses set forth above did not have an effect on our financial results. However, management believes that the lack of a functioning audit committee and the lack of a majority of outside directors on our board of directors results in ineffective oversight in the establishment and monitoring of required internal controls and procedures, which could result in a material misstatement in our financial statements in future periods.

This Annual Report on Form 10-K does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to an exemption for non-accelerated filers from the internal control audit requirements of Section 404(b) of the Sarbanes-Oxley Act of 2002.

Officers' Certifications

Appearing as exhibits to this Annual Report are "Certifications" of our Chief Executive Officer and Chief Financial Officer. The Certifications are required pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 (the "Section 302 Certifications"). This section of the Annual Report contains information concerning the Controls Evaluation referred to in the Section 302 Certification. This information should be read in conjunction with the Section 302 Certifications for a more complete understanding of the topics presented.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during the quarter ended November 30, 2013, that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

Item 9B. Other Information.

Not applicable.

PART III

Item 10. Directors, Executive Officers and Corporate Governance

All directors of the Company hold office until the next annual meeting of the security holders or until their successors have been elected and qualified. The officers of the Company are appointed by the board of directors and hold office until their death, resignation or removal from office. The directors and executive officers, their ages, positions held, and duration as such, are as follows:

| Name | Position Held with the Company | Age | Date First Elected or Appointed |
|---------------|---|-----|------------------------------------|
| Paul McDonald | President, Chief Executive Officer (CEO), Chief Financial Officer (CFO), Treasurer and Director | 62 | November 28, 2012 |
| David Rose | Secretary and Director | 41 | November 29, 2012 |

Business Experience

The following is a brief account of the education and business experience during at least the past five years of each director, executive officer and key employee of the Company, indicating the person’s principal occupation during that period, and the name and principal business of the organization in which such occupation and employment were carried out.

Paul McDonald

Paul McDonald is a graduate of the University of Waterloo and is an environmental management professional with more than 35 years of experience. Since 2006, Paul has been President of Fusion Environmental Management. He has also worked in the residential construction and renovation business and was a registered Housing and Urban Development Association of a Canada builder.

Mr. McDonald’s work with Fusion Environmental Management involves providing services to various levels of government and other organizations in the development and delivery of environmental management policies and programs. Services are provided in the areas of: Environmental Management Program Development, Sustainable Development, Environmental Reporting, Municipal Environmental Management and Sustainable Development Programs, Program Analysis and Risk Assessment. These services differ significantly from those to be provided by Global System Designs, Inc., which is intended to serve information needs of homeowners in the area of green building.

Mr. McDonald has researched and written a variety of policy and technical manuals for a range of audiences. He has extensive experience in working with multi-disciplinary teams to develop products that serve the needs of the identified audience. He was instrumental in establishing the EnviroCentre, a not-for profit organization working in the energy conservation and building retrofit programs in Ottawa.

David Rose

David Rose is a graduate of Towson State University and has spent the past 6 years as a Sales Director for New York-based Southern Wine and Spirits. David has brought ‘green’ reforms to his own industry and has a keen interest in the environment and has agreed to lend his extensive sales and marketing experience to Global System Designs.

Employment Agreements

Other than as set out below, we have no formal employment agreements with any of our employees, directors or officers.

Family Relationships

There are no family relationships between any of our directors, executive officers and proposed directors or executive officers.

Involvement in Certain Legal Proceedings

None of our directors, executive officers, promoters or control persons has been involved in any of the following events during the past five years:

1. A petition under the Federal bankruptcy laws or any state insolvency law was filed by or against, or a receiver, fiscal agent or similar officer was appointed by a court for the business or property of such person, or any partnership in which he was a general partner at or within two years before the time of such filing, or any corporation or business association of which he was an executive officer at or within two years before the time of such filing;
2. Such person was convicted in a criminal proceeding or is a named subject of a pending criminal proceeding (excluding traffic violations and other minor offenses);
3. Such person was the subject of any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining him from, or otherwise limiting, the following activities:
 - i. Acting as a futures commission merchant, introducing broker, commodity trading advisor, commodity pool operator, floor broker, leverage transaction merchant, any other person regulated by the Commodity Futures Trading Commission, or an associated person of any of the foregoing, or as an investment adviser, underwriter, broker or dealer in securities, or as an affiliated person, director or employee of any investment company, bank, savings and loan association or insurance company, or engaging in or continuing any conduct or practice in connection with such activity
 - ii. Engaging in any type of business practice; or
 - iii. Engaging in any activity in connection with the purchase or sale of any security or commodity or in connection with any violation of Federal or State securities laws or Federal commodities laws;
4. Such person was the subject of any order, judgment or decree, not subsequently reversed, suspended or vacated, of any Federal or State authority barring, suspending or otherwise limiting for more than 60 days the right of such person to engage in any activity described in paragraph (f)(3)(i) of this section, or to be associated with persons engaged in any such activity;
5. Such person was found by a court of competent jurisdiction in a civil action or by the Commission to have violated any Federal or State securities law, and the judgment in such civil action or finding by the Commission has not been subsequently reversed, suspended, or vacated;

6. Such person was found by a court of competent jurisdiction in a civil action or by the Commodity Futures Trading Commission to have violated any Federal commodities law, and the judgment in such civil action or finding by the Commodity Futures Trading Commission has not been subsequently reversed, suspended or vacated;

7. Such person was the subject of, or a party to, any Federal or State judicial or administrative order, judgment, decree, or finding, not subsequently reversed, suspended or vacated, relating to an alleged violation of:

- i. Any Federal or State securities or commodities law or regulation; or
- ii. Any law or regulation respecting financial institutions or insurance companies including, but not limited to, a temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or permanent cease-and-desist order, or removal or prohibition order; or
- iii. Any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or

8. Such person was the subject of, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act (15 U.S.C. 78c(a)(26))), any registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act (7 U.S.C. 1(a)(29))), or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

Compliance with Section 16(a) of the Exchange Act

The Company's common stock is not registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Accordingly, officers, directors and principal shareholders are not subject to the beneficial ownership reporting requirements of Section 16(a) of the Exchange Act.

Code of Ethics

We have adopted a corporate code of ethics. We believe our code of ethics is reasonably designed to deter wrongdoing and promote honest and ethical conduct; provide full, fair, accurate, timely and understandable disclosure in public reports; comply with applicable laws; ensure prompt internal reporting of code violations; and provide accountability for adherence to the code. The Company will provide to any person, without charge and upon request, a copy of the code of ethics. Any such request must be made in writing to the Company at, 24123 Peachland Blvd., C-4, #106, Port Charlotte, FL 33956.

Board and Committee Meetings

Our board of directors currently consists of two members, Paul McDonald and David Rose. The Board held no formal meetings during the year ended Nov 30, 2013. Until the Company develops a more comprehensive Board of Directors, all proceedings will be conducted by resolutions consented to in writing by all the directors and filed with the minutes of the proceedings of the directors. Such resolutions consented to in writing by the directors entitled to vote on that resolution at a meeting of the directors are, according to the Nevada General Corporate Law and our Bylaws, as valid and effective as if they had been passed at a meeting of the directors duly called and held.

Nomination Process

As of Nov 30, 2013, we did not effect any material changes to the procedures by which our shareholders may recommend nominees to our board of directors. Our board of directors does not have a policy with regards to the consideration of any director candidates recommended by our shareholders. Our board of directors has determined that it is in the best position to evaluate our company's requirements as well as the qualifications of each candidate when the board considers a nominee for a position on our board of directors. If shareholders wish to recommend candidates directly to our board, they may do so by sending communications to the president of our company at the address on the cover of this annual report.

Audit Committee

Currently the Company is developing a comprehensive Board of Directors and does not have an Audit Committee. The Company intends to appoint audit, compensation and other applicable committee members as it appoints individuals with pertinent expertise.

Audit Committee Financial Expert

Our board of directors does not have a member that qualifies as an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K.

Item 11. Executive Compensation.

The particulars of the compensation paid to the following persons:

- (a) our principal executive officer;
- (b) each of our two most highly compensated executive officers who were serving as executive officers at the end of the years ended November 30, 2013 and
- (c) up to two additional individuals for whom disclosure would have been provided under (b) but for the fact that the individual was not serving as our executive officer at the end of the years ended November 30, 2013

who we will collectively refer to as the named executive officers of the Company, are set out in the following summary compensation table, except that no disclosure is provided for any named executive officer, other than the principal executive officers, whose total compensation did not exceed \$100,000 for the respective fiscal year.

SUMMARY COMPENSATION TABLE

| Name and Principal Position | Year | Salary (\$) | Bonus (\$) | Stock Awards (\$) | Option Awards (\$) | Non-Equity Incentive Plan Compensation (\$) | Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$) | All Other Compensation (\$) | Total (\$) |
|---|-------------|------------------------|-----------------------|----------------------------------|-----------------------------------|--|---|--|-------------------|
| Paul McDonald ⁽¹⁾ | 2013 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |
| President, Chief Executive Officer, Chief Financial Officer, Treasurer, and Director | 2012 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |
| David Rose ⁽²⁾ | 2013 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |
| Secretary and Director | 2012 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 |

- (1) Mr. McDonald has held the positions of President, Chief Executive Officer (CEO), Chief Financial Officer (CFO), and Treasurer, of the Company since November 29, 2012. Mr. McDonald has also held the position of Director since November 28, 2012
- (2) Mr. Rose has held the positions of Director and Secretary since November 29, 2012

Other than set out below there are no arrangements or plans in which we provide pension, retirement or similar benefits for directors or executive officers. Our directors and executive officers may receive share options at the discretion of our board of directors in the future. We do not have any material bonus or profit sharing plans pursuant to which cash or non-cash compensation is or may be paid to our directors or executive officers, except that share options may be granted at the discretion of our board of directors.

Grants of Plan-Based Awards

There were no grants of plan based awards during the year ended November 30, 2013.

Outstanding Equity Awards at Fiscal Year End

There were no outstanding equity awards at the year ended November 30, 2013.

Option Exercises and Stock Vested

During our Fiscal year ended November 30, 2013, there were no options exercised by our named officer.

Compensation of Directors

We do not have any agreements for compensating our directors for their services in their capacity as directors.

Pension, Retirement or Similar Benefit Plans

There are no arrangements or plans in which we provide pension, retirement or similar benefits for directors or executive officers. We have no material bonus or profit sharing plans pursuant to which cash or non-cash compensation is or may be paid to our directors or executive officers, except that stock options may be granted at the discretion of the board of directors or a committee thereof.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following table sets forth, as of February 15, 2014, certain information with respect to the beneficial ownership of our common shares by each shareholder known by us to be the beneficial owner of more than 5% of our common shares, as well as by each of our current directors and executive officers as a group. Each person has sole voting and investment power with respect to the shares of common stock, except as otherwise indicated. Beneficial ownership consists of a direct interest in the shares of common stock, except as otherwise indicated.

| Name and Address of Beneficial Owner | Amount and Nature of Beneficial Ownership | Percentage of Class ⁽¹⁾ |
|--|---|------------------------------------|
| Paul McDonald 24123 Peachland Blvd., C-4, #106 Port Charlotte, FL 33956 | 1,950,000 common shares Direct ownership | 33.5% |
| David Rose 24123 Peachland Blvd., C-4, #106 Port Charlotte, FL 33956 | 1,375,000 common shares Direct ownership | 23.6% |
| <i>Directors and Executive Officers as a Group⁽¹⁾ (2 individuals)</i> | <i>3,325,000 common shares</i> | <i>57.1%</i> |

(1) Under Rule 13d-3, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on February 15, 2014. As of February 15, 2014, there were 5,825,000 shares of our company's common stock issued and outstanding.

Changes in Control

We are unaware of any contract or other arrangement the operation of which may at a subsequent date result in a change in control of our company.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Security Ownership of Certain Beneficial Owners and Management

On November 29, 2012, 950,000 shares of Global System Designs common stock were issued to Paul McDonald, an officer and director of the Company, at a price of \$0.001 per share (total of \$950). On January 8, 2013, 1,000,000 shares and 1,375,000 shares were issued to Paul McDonald and David Rose, an officer and director of the Company, respectively, at a price of \$0.002 per share (total of \$4,750).

Shareholder loan

From November 27, 2012 (date of inception) until the audit date of November 30, 2012, there were no shareholder loans.

Messrs. McDonald and Rose are founders and therefore may be considered promoters, as that term is defined in Rule 405 of Regulation C.

Director Independence

Our Board of Directors has determined that it does not have a member that is “independent” as the term is used in Item 7(d) (3) (iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended.

Item 14. Principal Accounting Fees and Services.

The aggregate fees billed for the most recently completed fiscal year ended November 30, 2013 and 2012 for professional services rendered by the principal accountant for the audit of our annual financial statements and review of the financial statements included in our quarterly reports on Form 10-Q and services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for these fiscal periods were as follows:

| | <u>Year Ended November 30, 2013</u> | <u>Year Ended November 30, 2012</u> |
|------------------------|---|---|
| Audit Fees (1) | \$ 8,050 | \$ 2,500 |
| Audit Related Fees (2) | \$ 0 | \$ 0 |
| Tax Fees (3) | \$ 0 | \$ 0 |
| All Other Fees (4) | \$ 0 | \$ 0 |
| Total | <u>\$ 8,050</u> | <u>\$ 2,500</u> |

- (1) Audit fees consist of fees incurred for professional services rendered for the audit of our financial statements, for reviews of our interim financial statements included in our quarterly reports on Form 10-Q and for services that are normally provided in connection with statutory or regulatory filings or engagements.
- (2) Audit-related fees consist of fees billed for professional services that are reasonably related to the performance of the audit or review of our financial statements, but are not reported under “Audit fees.”
- (3) Tax fees consist of fees billed for professional services relating to tax compliance, tax planning, and tax advice.
- (4) All other fees consist of fees billed for all other services.

Our board of directors pre-approves all services provided by our independent auditors. All of the above services and fees were reviewed and approved by the board of directors either before or after the respective services were rendered.

Our board of directors has considered the nature and amount of fees billed by our independent auditors and believes that the provision of services for activities unrelated to the audit is compatible with maintaining our independent auditors’ independence.

PART IV

Item 15. Exhibits, Financial Statement Schedules

Exhibits

In reviewing the agreements included as exhibits to this Form 10-K, please remember that they are included to provide you with information regarding their terms and are not intended to provide any other factual or disclosure information about the Company or the other parties to the agreements. The agreements may contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the parties to the applicable agreement and:

- should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;
- have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;
- may apply standards of materiality in a way that is different from what may be viewed as material to you or other investors; and
- were made only as of the date of the applicable agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. Additional information about the Company may be found elsewhere in this Form 10-K and the Company's other public filings, which are available without charge through the SEC's website at <http://www.sec.gov>.

1. STATEMENT OF POLICY

The Company has adopted eight Corporate Values (Focus, Respect, Excellence, Accountability, Teamwork, Integrity, Very Open Communications and Enjoying Our Work) to provide a framework for all employees in conducting ourselves in our jobs. These policies are not intended to substitute for those Values, but will serve as guidelines in helping you to conduct the Company's business in accordance with our Values. Compliance requires meeting the spirit, as well as the literal meaning, of the law, the policies and the Values. It is expected that you will use common sense, good judgment, high ethical standards and integrity in all your business dealings.

If you encounter a situation you are not able to resolve by reference to these policies, ask for help. Contact Paul McDonald, Chairman and Chief Executive Officer, who has been identified as responsible for overseeing compliance with these policies.

Violations of the law or the Company's policies will subject employees to disciplinary action, up to and including termination of employment. In addition, individuals involved may subject themselves and the Company to severe penalties including fines and possible imprisonment. Compliance with the law and high ethical standards in the conduct of Company business should be a top priority for each employee, officer and director.

2. IMPLEMENTATION AND ENFORCEMENT.

Paul McDonald, our Chairman and Chief Executive Officer, has been appointed as Compliance Officer of the Company, responsible for overseeing compliance with, and enforcement of, all Company policies.

Employees are expected to be familiar with these policies as they apply to their duties. They should consult with their managers if they need assistance in understanding or interpreting these policies. Each employee is required to follow these policies and to comply with their terms. A refusal by any employee to agree to be bound by these policies shall be grounds for discipline up to and including dismissal.

Any employee who, in good faith, has reason to believe a Company operation or activity is in violation of the law or of these policies must call the matter to the attention of Paul McDonald our Chairman and Chief Executive Officer. All reports will be reviewed and investigated and as necessary under the circumstances, and the reporting employee should provide sufficient information to enable a complete investigation to be undertaken.

Any employee who makes an allegation in good faith reasonably believing that a person has violated these policies or the law, will be protected against retaliation.

3. RELATIONS WITH COMPETITORS AND OTHER THIRD PARTIES.

The Company's policy is to comply fully with competition and antitrust laws throughout the world. These laws generally prohibit companies from using illegal means to maintain, obtain or attempt to obtain a monopoly in a market. They also prohibit companies from engaging in unfair trade practices. "*Unfair trade* practices" include fixing prices, dividing markets, agreeing with competitors not to compete, or agreeing to boycott certain customers. It is advised that you consult with the Chairman and Chief Executive Officer before attending a meeting with a party who may be viewed as a competitor.

4. INSIDER TRADING, SECURITIES COMPLIANCE AND PUBLIC STATEMENTS.

Securities laws prohibit anyone who is in possession of material, non-public information ("Insider Information") about a company from purchasing or selling stock of that company, or communicating the information to others. Information is considered "material" if a reasonable investor would consider it to be important in making a decision to buy or sell that stock. Some examples include financial results and projections, new products, acquisitions, major new contracts or alliances prior to the time that they are publicly announced. Employees who become aware of such Inside Information about the Company must refrain from trading in the shares of the Company until the Inside Information is publicly announced.

Employees must also refrain from disclosing that information to persons who do not have a need to know, whether they are inside the Company or outside, such as spouses, relatives or friends.

The Company makes regular formal disclosures of its financial performance and results of operations to the investment community. We also regularly issue press releases. Other than those public statements, which go through official Company channels, employees are prohibited from communicating outside the Company about the Company's business, financial performance or future prospects. Such communications include questions from securities analysts, reporters or other news media, but also include seemingly innocent discussions with family, friends, neighbors or acquaintances.

5. FINANCIAL REPORTING.

The Company is required to maintain a variety of records for purposes of reporting to the government. The Company requires all employees to maintain full compliance with applicable laws and regulations requiring that its books of account and records be accurately maintained. Specifics of these requirements are available from Paul McDonald.

6. HUMAN RESOURCES.

The Company is committed to providing a work environment that is free from unlawful harassment and discrimination, and respects the dignity of its employees. The Company has policies covering various aspects of its relationship with its employees, as well as employees' relationships with each other. For more detailed information, you should consult Paul McDonald. Each employee is expected to be familiar with these policies and to abide by them.

7. ENVIRONMENTAL, HEALTH AND SAFETY.

The Company is committed to protecting the health and safety of our employees, as well as the environment in general. The Company expects employees to obey all laws and regulations designed to protect the environment, and the health and safety of our employees, and to obtain and fully observe all permits necessary to do business.

At the very least, all employees should be familiar with and comply with safety regulations applicable to their work areas. The Company will make, to the extent possible, reasonable accommodations for the known physical or mental limitations of our employees. Employees who require an accommodation should contact Paul McDonald. The Company will then engage in an interactive process to determine what reasonable accommodations may exist.

8. CONFLICTS OF INTEREST.

Each employee is expected to avoid any activity, investment or association that interferes with the independent exercise of his or her judgment in the Company's best interests ("Conflicts of Interest"). Conflicts of Interest can arise in many situations. They occur most often in cases where the employee or the employee's family obtains some personal benefit at the expense of the Company's best interests.

No employee, or any member of employee's immediate family, shall accept money, gifts of other than nominal value, unusual entertainment, loans, or any other preferential treatment from any customer or supplier of the Company where any obligation may be incurred or implied on the giver or the receiver or where the intent is to prejudice the recipient in favor of the provider. Likewise, no employee shall give money, gifts of other than nominal value, unusual entertainment or preferential treatment to any customer or supplier of the Company, or any employee or family members thereof, where any obligation might be incurred or implied, or where the intent is to prejudice the recipient in favor of the Company. No such persons shall solicit or accept kickbacks, whether in the form of money, goods, services or otherwise, as a means of influencing or rewarding any decision or action taken by a foreign or domestic vendor, customer, business partner, government employee or other person whose position may affect the Company's business.

No employee shall use Company property, services, equipment or business for personal gain or benefit.

Employees may not: (1) act on behalf of, or own a substantial interest in, any company or firm that does business, or competes, with the Company; (2) conduct business on behalf of the Company with any company or firm in which the employee or a family member has a substantial interest or affiliation. Exceptions require advance written approval.

Employees should not create the appearance that they are personally benefitting in any outside endeavor as a result of their employment by the Company, or that the Company is benefitting by reason of their outside interests. Any employee who is not sure whether a proposed action would present a conflict of interest or appear unethical should consult with Paul McDonald.

9. INTERNATIONAL TRADE.

The Company must comply with a variety of laws around the world regarding its activities. In some cases, the law prohibits the disclosure of information, whether the disclosure occurs within the U.S. or elsewhere, and whether or not the disclosure is in writing.

Payments or gifts to non-U.S. government officials are prohibited by law and by Company policy. The Foreign Corrupt Practices Act precludes payments to non-U.S. government officials for the purpose of obtaining or retaining business, even if the payment is customary in that country. This law applies anywhere in the world to U.S. citizens, nationals, residents, businesses or employees of U.S. businesses. Because Global System Designs', Inc. is a U.S. company, this law applies to the Company and all of its subsidiaries. Any questions on this policy should be directed to Paul McDonald.

10. GOVERNMENT RELATIONS.

The Company is prohibited by law from making any contributions or expenditures in connection with any U.S. national election. This includes virtually any activity that furnishes something of value to an election campaign for a federal office. Use of the Company's name in supporting any political position or ballot measure, or in seeking the assistance of any elected representative, requires the specific approval of the Chairman and Chief Executive Officer of the Company. Political contributions or expenditures are not to be made out of Company funds in any foreign country, even if permitted by local law, without the consent of the Company's Chairman and Chief Executive Officer.

U.S. law also prohibits giving, offering, or promising anything of value to any public official in the U.S. or any foreign country to influence any official act, or to cause an official to commit or omit any act in violation of his or her lawful duty. Company employees are expected to comply with these laws.

11. VENDORS, CONTRACTORS, CONSULTANTS AND TEMPORARY WORKERS.

Vendors, contractors, consultants or temporary workers who are acting on the Company's behalf, or on Company property, are expected to follow the law, Company policies and honor Company Values. Violations will subject the person or firm to sanctions up to and including loss of the contract, contracting or consulting agreement, or discharge from temporary assignment.

12. CONCLUSION.

This Code of Ethics is not intended to cover every possible situation in which you may find yourself. It is meant to give you the boundaries within which the Company expects you to conduct yourself while representing Global System Designs', Inc. You may find yourself in a situation where there is no clear guidance given by this Code of Ethics. If that occurs, return to the foundations stated earlier: common sense, good judgment, high ethical standards and integrity. And refer to the Company's Values. In addition, there are many resources upon which you may rely: your management chain, Human Resources, Legal or other Global System Designs', Inc. departments, and the CEO. Together we can continue to make Global System Designs', Inc. a company that sets a standard for an internet marketing business.
